TRW TO BECOME THE 'EXCLUSIVE OFFICIAL SPONSOR' OF THE FIA WORLD TOURING CAR CHAMPIONSHIP SAFETY CAR

In a landmark agreement for the FIA WTCC, TRW will gain branding rights on the Official Safety Car and enjoy special guest experiences across each European race with the Chevrolet WTCC team

TRW, one of the world's leading providers of automotive safety and partner to the leading car manufacturers has entered into a multi-year partnership with the FIA World Touring Car Championship to become the first ever sponsor of the WTCC Safety Car. The partnership will start on March 7 in Curitiba, Brazil for the opening round of the 2010 season and will cover all WTCC rounds.

In addition, TRW's guests will receive special hospitality benefits through the Chevrolet WTCC team during each European event. This will include behind-the-scenes guided tours of the Chevrolet WTCC team garage, opportunities to meet the drivers and one lucky guest will have the opportunity to become a member of the Chevrolet WTCC team for the whole weekend.

'We are very excited about the agreement of the safety car sponsorship for the WTCC' said Mr Søren Kristensen, European Marketing Manager. 'It fits our brand position "safety where it matters the most" perfectly and we are confident that the sponsorship will help us convey the message of automotive safety in the aftermarket segment. The safety car sponsorship as well as the surrounding activities will play a key role in our marketing activities this year, so we are very much looking forward to the start of 2010 season'.

'We are extremely happy to welcome a new addition to the WTCC commercial family and believe that the sponsorship of the Safety Car will help communicate TRW's values of safety across their distribution channels throughout Europe and beyond', commented Jacques Raynaud, Vice-Chairman of Eurosport Group and Eurosport Events.
